TUMKUR DISTRICT.

Proclamation dated 30th May 1911.

Under Section 8 of the Municipal Regulation, VII of 1906, it is hereby proclaimed for general information that the town of Chiknayakanhalli with its suburbs and hamlets noted below, will be constituted a permanent Municipality under Section 7 of the said Regulation and that all persons who entertain any objection to the said proposal are required to submit their objections in writing with reasons therefor to the Deputy Commissioner, Tumkur District, within two months from the date of this proclamation :—(1) Kedigehalli, (2) Kurubarahalli, (3) Melanahalli and Palya attached to it, (4) Dasihalli, (5) Kodihalli, (6) Channenahalli, (7) Bavanahalli, (8) Jogihalli.

2. The following is the description of the boundary of the proposed Chiknayakanhalli Municipality :—

Starting from the north-west corner of Survey No. 105 of Melanahalli village, it descends southward on the western boundary line of the same survey number until it reaches its south-west corner, then turning to the east on the southern boundary line of Survey No. 105 and northern boundary line of Survey No. 104, it reaches the north-east corner of Survey No. 104. Then descending southward on the western boundary line of Survey No. 108, it reaches the south-west corner of the same number. Then turning eastward on the southern boundary line of Survey No. 108, it comes as far as the south-east corner of the same number. Then turning southward on the western boundary lines of Survey Nos. 111 and 112, it reaches the north-east corner of Survey No. 97. Then turning westward on the northern boundary line of Survey No. 97, it goes as far as the north-west corner of the same number. Then turning southward on the western boundary line of Survey No. 97, it reaches the south-west corner of the same number. Then turning eastward on the southern boundary line of Survey No. 97, it reaches the south-east corner of the same number. Then coming as far as the north-west corner of Survey No. 114, it goes southward on the western boundary line of Survey No. 114 until it reaches the south-west corner of the same number. Then passing through the halla it reaches the north-west corner of Survey No. 115. Continuing southward on the western boundary lines of Survey Nos. 115 and 117, it reaches the south-west corner of Survey No. 117. Still continuing southward on the western boundary line of Survey No. 119, it reaches the north-west corner of Survey No. 73. Then turning eastward on the northern boundary line of Survey No. 73, it reaches the north-east corner of the same number. Then descending southward on the eastern boundary line of Survey No. 73, it stops at the place where it meets the first pahani stone. Continuing southward on the eastern boundary line of Survey No. 73, it comes to the point where a particular corner of Survey No. 54 coincides with that of Survey No. 73. Then turning eastward on the southern boundary line of Survey No. 119, it comes as far as the south-west corner of Melanahalli village site. Then turning westward on the northern boundary line of Survey No. 49, it reaches the north-west corner of the same number. Then turning southward on the boundary line of Survey Nos. 49 and 54, it reaches the south-west corner of Survey No. 49. Then passing through the halla, it reaches the north-west corner of Survey No. 50. Continuing southward on the western boundary line of Survey Nos. 50 and 51, it reaches the south-west corner of Survey No. 51. Then passing through the halla, it reaches the north-west corner of Survey No. 52. Still continuing southward on the western boundary line of Survey No. 52, it reaches the south-west corner of Survey No. 52. Then turning eastwards on the southern boundary line of Survey No. 52, it reaches the north-east corner of Survey No. 57. Here closes Melanahalli limit. Then turning southward on the western boundary line of Survey No. 55 of Kurubarahalli village, it reaches the south-west corner of the same number. Continuing southward on the western boundary line of Survey No. 53, it reaches the south-west corner of the same number. Then turning to the east on the southern boundary lines of Survey Nos. 53 and 54, it comes to the south-east corner of the Survey No. 54. Then turning southward on the western boundary line of Survey No. 44/1, it reaches the south-east corner of Survey No. 52. Then passing through the cart-track, it reaches the north-east corner of Survey No. 45. Then skirting southward along the eastern boundary line of Survey No. 45 it reaches the south-east corner of Survey No. 45. Then turning to the east on the southern boundary line of Survey No. 44/3, it reaches the south-east corner of the same number. Then turning northward on the eastern boundary line of Survey No. 44/3 it stops at the place where it meets the 2 pahani stones. Then turning to the east on the southern boundary line of Survey Nos. 44/3 and 44/2, it reaches the north-east corner of Survey No. 46. Then turning southward on the eastern boundary line of Survey No. 46, it reaches the south-west corner of Survey No. 43. Then turning eastward on the southern boundary line of Survey No. 43, it reaches the place where it meets the first pahani stone. Then turning to the north on the eastern boundary line of Survey No. 43, it comes to the place where it meets the first pahani stone. Then turning to the east on the northern boundary line of Survey No. 47, it reaches the north-east corner of the same number. Then turning southward on the eastern boundary lines of Survey Nos. 47 and 48, it reaches the south-east corner of Survey No. 48 where the corners of Survey Nos. 48 and 49 coincide with one another. Then passing through the halla, it reaches the pahani stone situated in the middle of the western boundary line of Survey No. 43 of Kedigehalli village. Here closes Kurubarahalli limit. Then turning southward on the western boundary lines of Survey Nos. 43 and

42/2 of Kedigehalli village, it reaches the south-west corner of Survey No. 42/2. Then turning westward on the southern boundary line of Survey No. 41 and thence on the northern boundary line of Survey No. 39, it reaches the north-west corner of Survey No. 39. Then turning southward on the western boundary line of Survey No. 39, it reaches the north-west corner of Survey No. 36. Then turning to the east on the northern boundary line of Survey No. 36, it reaches the north-east corner of the same number. Then turning southward on the eastern boundary line of Survey No. 36, it stops at the place where it meets the first pahani stone. Continuing southward on the western boundary line of Survey No. 34, it reaches the south-west corner of the same number. Here closes the western boundary line of new Chiknayakanhalli Town Municipality.

Then commences its southern boundary line. Starting from the south-west corner of Survey No. 34 of Kedigehalli village, it goes eastward on the southern boundary line of the same number and reaches the south-east corner of the same number. Then turning northward on the eastern boundary line of Survey No. 34, it reaches the south-west corner of Survey No. 37. Then turning eastward on the northern boundary lines of Survey Nos. 33 and 29, it reaches the north-east corner of Survey No. 29. Then turning southward on the eastern boundary line of Survey No. 29, it reaches the south-east corner of the same number. Then turning northward on the boundary line which separates Survey No. 28 from Survey No. 26, it reaches the north-west corner of Survey No. 26. Then turning eastward on the northern boundary line of Survey No. 26, it reaches the north-east corner of the same number. Then passing through the halla, it meets the south-west corner of Survey No. 22 Here closes Kedigehalli village limit. Continuing eastward on the northern boundary line of Survey No. 64 of Dabbegatta village, it stops where it finds the first pahani stone. Then turning southward it passes through the interior of Survey No 64 until it reaches the north-east corner of Survey No. 63. Continuing southward on the western boundary line of Survey No. 62, it reaches the south-west corner of the same number. Then turning eastward on the northern boundary line of Survey No. 60, it reaches the north-east corner of the same number Then turning northward on the eastern boundary line of Survey No. 62, it reaches the north-west corner of Survey No. 61. Then turning eastward on the northern boundary line of Survey No. 61, it comes to the point where the corners of Survey Nos. 69 and 70 and of the path coincide with one another. Then turning southward on the western boundary line of Survey No. 69, it reaches the south-west corner of the same number. Then turning eastward on the southern boundary line of Survey No. 69, it reaches the south-east corner of the same number. Then turning northward on the eastern boundary line of Survey Nos. 69 and 68, it comes as far as the south-west corner of Survey No. 76. Then turning eastward on the northern boundary line of Survey No. 71, it reaches the north-east corner of the same number. Then turning southward on the western boundary line of Survey No 74 it reaches the south-west corner of the same number. Then turning eastward on the southern boundary line of Survey Nos. 74 and 73, it reaches the south-east corner of Survey No. 73. Then passing through the cart-track, it reaches the south-west corner of Survey No. 87. Continuing eastward on the southern boundary line of Survey Nos. 87 and 88, it reaches the south-west corner of Survey No. 89. Then turning northward on the western boundary line of Survey No. 89, it reaches the north-west corner of the same number. Then turning eastward on the northern boundary line of Survey No. 89, it reaches the north-east corner of the same number. Then turning northward on the eastern boundary line of Survey No. 8, it reaches the south-east corner of Survey No. 90. Then passing through the cart-track, it comes to the south-west corner of Survey No. 100. Then turning eastward on the southern boundary line of Survey Nos. 100 and 101, it reaches the south-east corner of Survey No. 101. Then turning southward on the eastern boundary line of Survey No. 102, it reaches the north-west corner of Survey No. 105. Then turning eastward, it runs on the southern boundary line of Survey No. 61 of Jogihalli village and reaches the south-east corner of the same number. Then passing through the Huliyar-Kibbanahalli road, it reaches the south-west corner of Survey No. 60 of Jogihalli village. Continuing eastward on the southern boundary line of Survey No. 60, it reaches the south-east corner of the same number. Then passing upon the edge of the cart-track going to Godekere, it comes as far as the pahani stone situated between two bandhs at the southern extremity of Survey No. 51. Then turning north and on the eastern boundary line of Survey No 51, it stops at the place where it meets the second pahani stone. Then turning on the southern boundary line of the same number, it reaches the south-west corner of Survey No 50. Then turning eastward on the southern boundary line of Survey No. 50, it stops at the point where it meets the first pahani stone. Then passing through the halla it stops at the point where the corners of Survey No. 48, halla, and Survey No. 112 of Dabbegatta village coincide with one another. Then turning northward on the western boundary line of Survey No 48, it reaches the north-west corner of the same number. Then turning eastward on the northern boundary line of Survey No. 48 it reaches the north-east corner of the same number. Then turning southward on the eastern boundary line of Survey No. 48, it comes as far as the north-west corner of Survey No. 47. Then turning eastward on the northern boundary line of Survey No. 47, it reaches the pahani stone situated in the north-east corner of the same number. Then meeting the pahani stone situated exactly to the east, it passes on the boundary line of Survey No. 46 until it reaches the first pahani stone. Then turning to the north on the eastern boundary line of Survey No. 46, it reaches the south-west corner of Survey No. 37. Then turning to the east on the northern boundary line of Survey No. 45, it comes as far as

the north-west corner of Survey No. 40. Then descending southward on the western boundary line of Survey No. 40, it reaches the south-west corner of Survey No. 40. Then turning to the east on the southern boundary line of Survey No. 40 it stops at the south-east corner of the same number. Then ascending to the north on the eastern boundary line of Survey No. 40, it comes as far as the south-west corner of Survey No. 39. Then turning to the east on the southern boundary line of Survey No. 39, it reaches the south-east corner of the same number. Then turning downwards on the eastern boundary line of Survey No. 42, it stops at the place where it meets the first pahani stone. Then passing in the south-east direction in the halla, it meets the first pahani stone. Then ascending upwards on the eastern border of the halla it comes to the point where the corners of halla, Survey No. 35 and the extremity of Honnebagi land coincide with one another. Continuing to the north on the eastern boundary of Survey No. 35, it comes as far as the north-east corner of Survey No. 35. Then turning to the east on the northern boundary line of Survey No. 32, it reaches the south-west corner of Survey No. 31. Then turning to the north on the western boundary line of Survey No. 31, it reaches the north-west corner of the same number. Then turning to the west on the northern boundary line of Survey No. 33, it reaches the north-west corner of the same number. Then turning to the north on the western boundary line of Survey No. 30, it reaches the north-west corner of the same number. Continuing to the north on the eastern boundary line of Survey No. 28, it reaches the south-east corner of Survey No. 29. Continuing further to the north, it reaches the south-east corner of Survey No. 41 of Bavanahalli village. Here closes the extremity of Jogihalli village. Still continuing to the north on the eastern boundary line of Survey No. 41 and on the western boundary line of Survey No. 39 of Bavanahalli village, it reaches the north-west corner of Survey No. 39. Then turning to the east on the northern boundary line of Survey No. 39, it reaches the north-east corner of the same number. Then passing in the road in the eastern direction, it reaches the pahani stone situated in the middle of the western boundary line of Survey No. 35. Then turning to the north on the western boundary line of Survey No. 35, it reaches the south-west corner of Survey No. 37. Then turning to the east on the southern boundary line of Survey Nos. 37 and 36, it reaches the south-east corner of Survey No. 36. Then passing through the halla in the eastern direction, it runs northward on the western boundary lines of Survey Nos. 61 and 25 until it reaches the south-west corner of Survey No. 24. Then turning to the east on the southern boundary line of Survey No. 24, it stops at the south-east corner of the same number. Then turning to the north on the eastern boundary line of Survey No. 24, and on the western boundary line of Survey No. 22, it reaches the north-west corner of Survey No. 22. Then turning to the west on the northern boundary line of Survey No. 4 it reaches the south-west corner of Survey No. 5. Then turning to the north on the western boundary lines of Survey Nos. 5 and 18 it reaches the north-west corner of Survey No. 18. Then turning to the east on the boundary of Survey No. 18 it stops where it meets the first pahani stone. Then starting from that point, it comes as far as the south-west corner of Survey No. 9. Then turning to the east on the southern boundary line of Survey No. 9 it reaches the south-east corner of the same number. Then turning to the north on the eastern boundary line of Survey No. 9, it reaches the north-east corner of the same number. Then turning to the west and passing through the land or jodi Hosahalli village, it reaches the north-east corner of Survey No. 6. Continuing to the west on the northern boundary line of Survey No. 6, it reaches the south-east corner of Survey No. 183 of the bagayet village. Then turning to the north on the eastern boundary line of Survey No. 183 of bagayet village, it comes as far as the north-east corner of the same number. Then turning to the west on the northern boundary lines of Survey Nos. 183, 182, 181, 177, 176, 206, 169 and 168 of bagayet village, it reaches the north-west corner of Survey No. 168. Then turning to the north on the eastern boundary line of Survey No. 167 it reaches the north-east corner of the same number. Then turning to the west on the northern boundary line of Survey No. 167, it comes to the point where the extremity of Channenahalli and jodi Hosahalli village coincide together. Then turning to the north on the eastern boundary line of Survey Nos. 34, 33 and 32, it reaches the south-east corner of Survey No. 31. Continuing to the north on the eastern boundary line of Survey No. 31, it reaches the south-east corner of Survey No. 14. Then ascending upwards on the eastern boundary line of Survey No. 14 it reaches the north-east corner of the same number. Then turning west on the northern boundary line of Survey No. 14, it reaches the south-east corner of Survey No. 13. Then turning to the north on the eastern boundary line of Survey No. 13 it reaches the north-east corner of the same number. Then turning west on the northern boundary lines of Survey Nos. 13 and 11, it reaches the north-west corner of Survey No. 11. Then passing through the halla, the line reaches the south-east corner of Survey No. 209 of bagayet village. Then turning to the north, it passes over the boundary line of Survey No. 209 and reaches north-east corner of the same number. Then turning to the west on the northern boundary lines of Survey Nos. 209, 133 and 132 of bagayet village, it reaches the north-west corner of Survey No. 132. Then turning to the south on the western boundary line of Survey No. 132, it reaches the north-east corner of Survey No. 75. Then turning to the west on the northern boundary lines of Survey Nos. 75, 76, 77, 80, 81, 214, 82, 215, 86, 85, 1, 2 and 3 of bagayet village, it reaches the north-west corner of Survey No. 3 of bagayet village. Then turning to the south on the western boundary line of Survey No. 3 of bagayet village, it reaches the south-east corner of Survey No. 3 of Dasihalli village. Then turning to the west on the northern boundary line of Survey No. 2 of Dasihalli village, it reaches the north-east corner of

the same number. Then turning to the south on the western boundary lines of Survey Nos. 2 and 1 of Dasihalli village, it reaches the north-east corner of Survey No. 24. Then turning to the west on the northern boundary lines of Survey Nos. 24 and 23 it reaches the north-west corner of Survey No. 23. Then turning southward on the western boundary lines of Survey Nos. 23 and 22 it reaches the south-west corner of Survey No. 22. Then it comes to the north-east corner of Survey No. 19 of Dasihalli village. Then turning to the west on the northern boundary lines of Survey Nos. 19 and 18, it reaches the north-west corner of Survey No. 18. Then descending southwards on the western boundary line of Survey No. 18, it comes to the place where it meets the first pahani stone. Then turning westward, it reaches the north-east corner of Survey No. 11 of Melanahalli village. Continuing westward on the northern boundary line of Survey No. 110 of Melanahalli village, it reaches the north-west corner of the same number. Then turning northward on the eastern boundary line of Survey No. 109, it reaches the north-east corner of the same number. Then turning to the west on the northern boundary line of Survey No. 109, it reaches the north-east corner of the village site of Melanahalli palya. Then passing over the eastern and northern boundary lines of the same village site, it reaches the north-west corner of the same village site. Then turning westward on the northern boundary lines of Survey Nos. 106 and 105, it reaches the north-west corner of Survey No. 105 of Melanahalli village from which it first started.

SYED TAJ PEERAN,
For *Officiating Deputy Commissioner.*

FINANCIAL DEPARTMENT.

No. B. & R. 32, *dated* 14*th July* 1911.

From this date until further notice, applications from the public will be received in the undermentioned Treasuries for issue of supply bills on the Treasuries noted against each :—

1. Mysore District Treasury—
   (1) District Treasury, Bangalore.
   (2) District Treasury, Kolar.
   (3) District Treasury, Shimoga.
2. Bangalore District Treasury—
   (1) District Treasury, Kolar.
   (2) District Treasury, Shimoga.
3. Chitaldrug District Treasury—
   Bangalore District Treasury.

2. Each application should contain the following particulars :—

(1) Amount for which supply bill is required ;

(2) Name of Treasury at which payment is required, and

(3) Name and address of the applicant for supply bill ;

and should be sent to the Deputy Commissioner, Treasury Department concerned, together with the amount for which bills are required and the amount of the commission at 1/8 per cent.

3. No supply bill will be issued for less than Rs. 500.

4. The undermentioned Taluk Treasuries have also been authorised to receive applications for issue of supply bills :—

Mysore District—

(1) Hunsur.
(2) Seringapatam.
(3) Nanjangud.
(4) T.-Narsipur.
(5) Chamrajnagar.

Chitaldrug District—

(6) Davangere.

The application should in this case be addressed to the Amildar of the Taluk concerned under the same conditions as above. He will receive the application and the amounts of the bill and commission sent therewith and grant a receipt in the prescribed form and obtain the required supply bill from the District Treasury concerned and deliver it to the party on his surrendering the receipt originally granted.

5. Supply bills will be drawn only on the District Treasuries. But such bills will, as far as possible, be made payable at any Taluk Treasury within the district drawn upon. For payment at a Taluk Treasury, however, the payee will have to address the Deputy Commissioner, Treasury Department, of the district, who will arrange for such payment as early as practicable.

J. S. CHAKRAVARTI,
Comptroller.
